

## State Fund Offers Peace of Mind to Group Members

Group members rely on State Fund to be a strong and stable provider of worker's compensation insurance. Since 1914, the organization has maintained a longstanding heritage in California to help employers, regardless of their size, establish and build their dreams.

Regardless of swings in the economy and industry, State Fund remains committed to protecting California businesses and providing leadership in the industry. This commitment is embodied in their customer service and insurance programs.

At State Fund, they believe that policyholders deserve so much more than *just* insurance. They have built a team of experienced professionals dedicated to providing customer care and valuable services for all their policyholders.

Here are just some of the comprehensive services State Fund provides:

- **State Fund Online.** Manage your policy your own way. State Fund Online offers free access to your policy and claims information anytime. It's a valuable business tool that can help improve productivity, control costs, and enhance your competitive edge.
- **Claims Services.** A 24-hour, toll-free Claims Reporting Center and some of the most experienced claims professionals in the business make claims filing easy. Simply call (888) 222-3211.
- **Medical Provider Network (MPN).** By directing injured employees to State Fund's MPN, policyholders can retain medical control longer on claims and reduce medical costs. This can result in lower premiums.
- **Fraud Program.** State Fund's Special Investigation Unit (SIU) has been instrumental in both the prevention and investigation of fraudulent activity. They work closely with local DA's who prosecute workers' compensation fraud.
- **Loss Prevention Services.** State Fund loss control professionals offer a variety of safety services and materials to help you provide safe working conditions at your jobsite.

With such an extensive lineup of programs and services, and a track record that is unrivaled, it is no surprise that group members stay with State Fund year after year for their workers' compensation needs. Call State Fund at (800) 252-0419 and find out the potential savings and service you can receive for being a group member.
