

Build a Stronger Workforce with State Fund's Safety Services

State Fund understands the correlation between employee safety and claims cost reduction. By providing some of the most comprehensive loss prevention services and programs that the California's workers' compensation industry has to offer, State Fund puts its knowledge and experience to work for you.

Below is a list of just some of the custom loss prevention services that State Fund provides at no extra charge:

- Management consultations with Certified Safety Professionals (CSPs) and safety consultants to assist in analyzing potential hazards at the workplace and implementing an effective safety program.
- Assistance with the creation of an Injury and Illness Prevention Program (IIPP).
- Featured seminars in our State Fund's Employer Education Series that address a wide variety of safety and health issues.
- Safety materials including posters, pamphlets, brochures, and safety checklists.
- An innovative back injury program, State Fund's Back Connection®, which contains interactive risk assessment tools and videos.

As a State Fund group member, you'll be able to take advantage of all of this and more. Call State Fund at (800) 252-0419 and find out the potential savings and services you can receive for being a group member.
