Mr. Landlord Subscribers

Re: Tenant Screening Reminder In Order To Obtain a Credit Report*

1. You must have had one TransUnion inspection since becoming a subscriber, unless you have moved, in order to obtain a TransUnion credit report.
2. You must have had one Experian inspection within the past twelve months in order to obtain an Experian credit report.
3. You must also have your "Service Agreement" paperwork updated, completed and on file with MrLandlord.com credit check services.

Summer is a busy time for renting vacant apartments as more tenants move during this time of year.

Be sure to get your required inspections and paperwork done BEFORE your next tenant screening report is needed. If you would like to double check to make sure you are in compliance, please call **1-888-294-4640** and our staff will verify your qualifications.

Thank you,

MrLandlord.com
Credit Check Services

**The credit reporting companies are requiring inspections on all apartment owners and may terminate your access at any time if these requirements are not met.*
